PROJECTS

File Sharing Web App | Secure File Transfer

May 2025

- Built a secure website that lets users upload files and create temporary download links that expire automatically
- Created drag-and-drop file upload feature with instant link generation for easy file sharing
- Developed backend system to store files safely in cloud storage and manage file information
- **GitHub:** https://github.com/christianvieux/GA_Project_Final_File-Sharing-App

ChapterList | Reading Platform

May 2025

- Built a website for book lovers to discover and review reading materials with 4-person team
- Created features to add, edit, view, and delete books and user reviews
- Launched website online using cloud services for public access
- **GitHub:** https://github.com/christianvieux/GA_Project_4_Reading-Materials

QuoteFolio | Quote Sharing Web App

April 2025

- Developed a platform where users can share inspirational quotes and interact with others
- Built secure user login system and organized team collaboration with 3 developers
- Added interactive features like likes, comments, and games to engage users
- **GitHub:** https://github.com/christianvieux/GA_Project_3_Famous-Quotes

Recipe CRUD | Web App

April 2025

- Built a website for users to view, edit, and delete recipes with commenting features
- Created user-friendly interface that works well on all devices and screen sizes
- Developed backend system to store and manage recipe data efficiently
- **GitHub:** https://github.com/christianvieux/GA_Project_2_Recipe

TrackFusionWeb | Music Streaming Platform

December 2024

- Built a music streaming website for users to discover, share, and analyze audio content
- Created responsive website interface that adapts to different devices and browsers
- Set up cloud hosting and database systems to handle user data and media files
- **GitHub:** <https://github.com/christianvieux/TrackFusionWeb>

WORK EXPERIENCE

Crew Member | Chipotle Mexican Grill

August 2021 – May 2022 | Little Neck, NY

- Managed morning inventory and prepared fresh food ingredients for daily service
- Assisted customers with orders and cooked meat on the grill during busy periods

Warehouse Agent | Corporate Loss Prevention Associates

May 2021 – July 2021 | Jamaica, NY

- Loaded and unloaded packages using pallet jacks to meet flight departure deadlines
- Maintained warehouse organization and disposed of damaged materials

EDUCATION / CERTIFICATES

General Assembly | View Certificate, Software Engineering Bootcamp

March 2025 – May 2025 | Virtual

Udemy | View Certificate, Web Development Bootcamp Certificate

June 2023 – July 2024 | Virtual

Queensborough Community College, A.S. in Computer Engineering

January 2023 – 2026 | Bayside, NY
