github.com/christianvieux | christianvieuxdev.com

Software engineer experienced in building responsive web applications with modern JavaScript frameworks. Skilled at creating intuitive interfaces and collaborating with teams to deliver user-focused products.

TECHNICAL SKILLS

Languages & Frameworks: React, Next.js, JavaScript, TypeScript, Python, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Design, Component Architecture

Backend & Database: Express.js, Django REST, .NET Core, PostgreSQL, MongoDB, REST APIs, JWT Authentication

Tools & Deployment: Git, GitHub, GitHub Actions, Jest, Postman, Docker, Vercel

Cloud & Infrastructure: AWS (ECS, S3, DynamoDB), Azure, Terraform, Linux, Bash

PROJECTS

QuoteFolio | Quote Sharing Web App, [\[View Project\]](#) April 2025

- **Built** the user interface with **React** and styled with **Tailwind CSS** for a clean layout
- **Integrated Express.js** API with **PostgreSQL/Mongoose** and express-session for auth
- **Deployed** both frontend and API to **AWS ECS**, configuring environment variables for dev and production

Recipe CRUD | Web App, [\[View Project\]](#) April 2025

- **Built** dynamic **EJS** pages styled with **Bootstrap** for a clean and responsive layout
- **Integrated Node.js/Express** API with **MongoDB** and express-session for user authentication and data management
- **Deployed** the app to **AWS ECS**, configuring environment variables for DB connections and routing

TrackFusionWeb | Audio Streaming Platform, [\[View Project\]](#) December 2024

- **Built** full stack app with **Next.js** and **Express** so users could play audio with load times under one second
- **Managed** track metadata in **PostgreSQL** and added **JWT** auth for about ten users
- **Automated** deploys to **Vercel** and **AWS ECS** with a single script cutting deploy work in half

WORK EXPERIENCE

Commissary Kitchen Staff | Chip City, College Point, NY June 2025 – Present

- Mix and prepare large batches of cookie doughs while maintaining consistency and quality across production runs
- Track ingredient inventory and manage storage to support daily store deliveries

Crew Member | Chipotle Mexican Grill, Little Neck, NY August 2021 – May 2022

- Maintained smooth service during peak shifts by restocking ingredients and following food safety routines
- Helped customers with their orders and questions to keep the line moving

Warehouse Agent | Corporate Loss Prevention Associates, Jamaica, NY May 2021 – July 2021

- Loaded packages into flight bins on time to hit every departure deadline
- Scanned shipments for accurate inventory and flagged any damaged items

EDUCATION / CERTIFICATES

Software Engineering Bootcamp, General Assembly May 2025

A.S. in Computer Engineering, Queensborough Community College, Bayside, NY August 2018 – December 2023
